

European Society of Hypnosis

In Psychotherapy and Medicine

22nd June 2020

Dear President,

The results of the first part of the election are now in and it is my pleasure to let you know that Gerard Fitoussi – AFHYP (France) has been elected unopposed as President Elect of ESH. Ali Ozden Ozturk – THD (Turkey) has been elected unopposed as Treasurer of ESH. Both will serve on the ESH BoD from 2020 until our next ESH Congress in 2023 where Gerard Fitoussi will take up his role as President of ESH. I want to thank you for your co-operation during these troubled times.

The second stage of our elections is now in progress and all the nominations for the ESH BoD will be notified to you within the next few days. Each candidate will have the opportunity to upload a short CV and motivation statement along with a short video and these will be uploaded to the ESH website for your information. The voting papers for this second part of the ESH elections will be sent out on 20th July and must be returned by 30th August.

Kathleen Long

President Elect ESH
